

## Healthy Driven Evening Conversations

### **Be Breast Aware.**

**Wednesday, October 10, 2018** or  
**7:00 – 8:30 pm**

Edward Hospital, Naperville  
Education Center Auditorium

**Wednesday, October 17, 2018**  
**7:00 - 8:30 pm**

Elmhurst Hospital, Elmhurst  
Arboretum Conference Center

October is Breast Cancer Awareness Month. Please join Christine Gresik, MD, board-certified breast surgeon with Edward Surgical Oncology Group and on staff at both Elmhurst and Edward Hospitals. She will provide education on prevention, early detection, breast cancer risk factors, and the latest breast imaging technologies. She will be joined by Darius Gilvydis, MD, board-certified radiologist and medical director of Women's Imaging at Edward Hospital, who will share exciting information about the newest technology in breast imaging: Molecular Breast Imaging.

### **Total Joint Replacement: Is it right for you?**

**Wednesday, November 14, 2018**  
**7:00 - 8:30 pm**

Elmhurst Hospital, Elmhurst, Arboretum Conference Center

Have you been suffering with osteoarthritis, also known as degenerative joint disease? Ideally, symptoms can be managed with physical therapy, lifestyle changes and medication, but when is enough, enough? If you feel you are reaching that point or just want to be educated about your options for total joint replacement, please join us. Scott Sporer, MD, orthopedic surgeon with Midwest Orthopaedics at Rush and on staff at Elmhurst and Edward Hospitals, will provide a comprehensive overview of hip and knee replacement.

**Please RSVP to Class Registration**
