

## **Homewatch CareGivers Partners with Buckner International in Project: Christmas Spirit**

*Homewatch CareGivers* recently picked up a van load of toys at the Buckner Center for Humanitarian Aid to make Christmas a little brighter for children around the Dallas/Ft. Worth metroplex.

The toys were delivered to *Homewatch CareGivers* headquarters where they filled the entire conference room. The toys were sorted by age and gender appropriate divisions. After that, bags with 3-4 toys were placed in bags marked by age and gender, loaded into a van, and taken back to the Buckner Center for Humanitarian Aid where the bags will be distributed to foster families. On Christmas morning, many foster kids will be smiling due to the contributions from generous donors around the Dallas/Ft. Worth area.

*Homewatch CareGivers* is extremely honored to be able to participate in such a wonderful program that helps bring joy to many children.

Merry Christmas!
