Upcoming Date:

January 25, 2022 9:00AM

Homewatch Caregivers Home Care Presents

“Aging in Place”

There will be a presentation by Kris Chrzan, Care Manager from Homewatch CareGivers Home Care, to help you learn how to develop a plan to stay in your home as you age, or “age in place”.

According to the AARP and National Conference of State Legislatures, as many as 90% of people over the age of 65 want to live in their current home as long as possible. Housing, Safety, Finances, Healthcare, Transportation, and Entertainment are key considerations when planning for aging in place.

Come learn about how to start planning for you or your family to age in place and all the amazing resources our community offers to support this important part of your life.

Zoom:
